EDUCATION

Bachelor of Science in Computer Science & Engineering (CSE) Southeast University, Dhaka	Aug 2022 - Feb 2026 CGPA: 3.62
Diploma in Computer Technology Feni Engineering Institute	Nov 2017 - Jul 2022 CGPA: 3.68
Secondary School Certificate (SSC) Feni Govt. Pilot High School	Session 2016 - 2017 GPA: 4.14

RESEARCH & PUBLICATIONS

IEEE Conference Paper (Accepted)	2025 - 2026
- Comparative Study of LLMs and Transformers for Bangla Healthcare Paraphrasing Conference: International Conference on Computer and Information Technology (ICCIT 2025) Publishing: IEEE Conference Proceedings (2026) Focus: Artificial Intelligence (AI) Natural Language Processing (NLP) Healthcare Systems	
Journal Paper / Preprint (Under Review)	2025
- BIDWESH: A Bangla Regional-Based Hate Speech Detection Dataset Status: Preprint available — arXiv:2507.16183 Focus: Natural Language Processing (NLP) Hate Speech Detection Low-Resource Bangla NLP	

WORK EXPERIENCE

KuiperZ, Dhaka, Bangladesh Software Engineer	Aug 2022 - Present
- Designed and developed large-scale ERP systems for e-commerce and hotel management, including inventory management, invoicing, customer categorisation (retail and walk-in), sales returns, discounts, HR operations, attendance tracking, and logistics optimisation. - Built and launched Lotus Food Stores, a Android grocery delivery app (live on Google Play Store) serving households and professionals across Sydney, Australia, with the following key features: Referral Bonus System: users earn bonus credits by referring friends, which are applied to future orders — driving organic user acquisition and retention. Coin Rewards & Redemption: customers accumulate coins on every order and can redeem them as discounts at checkout, encouraging repeat purchases. Discount & Promotions Engine: dynamic discount management including promo codes, category-level discounts, and time-limited offers. Location-Restricted Ordering: orders can only be placed within specific configured delivery zones across Sydney, ensuring logistical accuracy and on-time delivery. Real-time Order Tracking: end-to-end live tracking from order placement through packing, dispatch, and delivery confirmation. Product & Inventory Management: organised catalogue of fresh groceries, frozen foods, pantry essentials, and daily necessities with stock management. - Developed RyseNova, a next-generation cloud-based HR & Payroll Software platform covering the full employee lifecycle, including the following modules: Employee Management: onboarding, profiles, department and role management, and personnel records.	

- **Attendance & Leave Management:** real-time tracking, leave requests, and approval workflows.
- **Payroll Processing:** salary computation, deductions, tax handling, and payslip generation.
- **Recruitment Module:** job posting, CV screening, interview scheduling, and offer letter generation.
- **Performance Management:** KPI tracking, appraisals, and performance improvement plans (PIPs).
- **Compliance & Documentation:** SOP management, audit checklists, and digital HR records.
- **Reporting & Analytics:** workforce dashboards, exportable HR reports, and data-driven insights.
- Designed and implemented RESTful APIs for scalable system integration and third-party connectivity.

Project-Relevant Skills: API Development, ERP Systems, Mobile App Development, React Native, Laravel, Database Design, Testing & Debugging, Cross-team Collaboration

Bdcalling IT Ltd, Dhaka, Bangladesh
Software Developer

Feb 2022 - Jul 2022

- Installed and configured WordPress environments for client websites.
- Customised themes and plugins based on specific business requirements.
- Maintained both frontend and backend aspects of WordPress-based applications.

Project-Relevant Skills: WordPress, PHP, HTML, CSS, client communication, documentation

TECHNICAL SKILLS

- | | |
|---|--|
| <ul style="list-style-type: none"> • Languages: PHP, JavaScript, TypeScript • Frameworks: Laravel, Vue.js, React.js, React Native • Frontend: HTML5, CSS3, Tailwind CSS, Bootstrap, Vuex • Backend & API: RESTful API, MVC Architecture, OOP • Database: MySQL, Schema Design, Eloquent ORM | <ul style="list-style-type: none"> • Mobile: React Native (Android & iOS) • Tools: Git, GitHub, Postman, WordPress • Testing: Functional Testing, Debugging, Performance Tuning • Research & AI: NLP, LLMs, Transformer Models, Bangla NLP • Soft Skills: Problem Solving, Team Collaboration, Agile |
|---|--|

LANGUAGE

- | | |
|-------------------|--------------------|
| • Bangla (Native) | • English (Fluent) |
|-------------------|--------------------|

EXTRACURRICULAR

- | | |
|--|--|
| • SEUCC – Southeast Computer Club
(Executive) | • SEUCC – Programming Community
(Executive) |
